Eric,

I have some concerns with the amendment to the lamprey tissue FSP. I will try and get these comments to you either later today or tomorrow (I am working on the WOE today with Bob).

Subject: Fw: Amendment to the lamprey tissue FSP

FYI - below is an amendment to the Lamprey Tissue FSP. The amendment includes two additional sample locations - one upstream of the study area and one upstream of RM 16. I think these are good additions.

Also, note that the LWG is requesting approval by Friday and hope to be out in the field next week.

Eric

Chip and Eric,  
On behalf of the LWG we are please to submit an amendment to the lamprey tissue FSP in response to "Objective Statements and Risk Hypotheses for Pacific Lamprey Ammocoete Tissue Sampling and Analysis" received from EPA on August 29, 2006. LWG is seeking approval of the lamprey tissue FSP and the amendment before September 15, 2006, so that the field sampling effort can commence as planned on September 18, 2006. Helle
